DETAILED ACTION

1. Claims 1 and 2 are pending in this application. Claims 1 and 2 are independent claims. This action is non-final.

This application is a Continuation of PCT/JP99/07248 dated 12/22/1999.

2. The present title of the invention is "Communication terminal".

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Sudo et al. (US 6,223,058).

As per claim 1, Sudo et al., hereinafter Sudo, discloses a communication terminal comprising:

a display unit (14) which displays a selection screen for selecting at least one of a plurality of options (Figure 22 (A) for option 2-5); and

display control means (11) which causes display of options in said display unit by division or scroll to enable selecting an option not currently displayed in said display unit from the options to be selected (Figure 22 push "7" key), and which causes, when an

option not currently displayed has been selected, display of a screen associated with said selected option in said display unit (Figure 22 (B)) and performs a display so as to include said selected option when displaying said selection screen next (Figure 22 (C)).

5. As per claim 1, Sudo et al., hereinafter Sudo, discloses a communication terminal comprising:

a display unit (14) which displays a selection screen for selecting at least one of a plurality of options (Figure 22 (A) for option 2-5); and

display control means (11) which causes display of options in said display unit by division or scroll to enable selecting an option not currently displayed in said display unit from the options to be selected (Figure 22 push "7" key), and which causes, when an option not currently displayed has been selected, display of a screen associated with said selected option in said display unit (Figure 22 (B)) and causes display of information indicating said selected option when displaying said selection screen next (Figure 22 (C)).

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
